BRENDAN M. QUINN

Associate

Prior to joining the Firm as an associate in 2016, Brendan gained valuable experience working as an intern contract analyst in the in-house legal department of a large and prestigious engineering firm in Kansas City. His responsibilities included reviewing and drafting contracts for construction projects, developing high-risk profiles for executed master service agreements, and ensuring corporate compliance with state licensing laws.

After graduating from law school, Brendan independently studied for and passed the patent bar examination in his “spare time,” which is a difficult and remarkable achievement. He is admitted to practice before the United States Patent & Trademark Office.

Outside of the office, Brendan enjoys cheering on the Kansas City Royals and Chiefs. He attends and participates in intramural sports, citywide BBQ competitions, and charitable organizations. Brendan lives in Kansas City and likes spending time with his family and friends.

EDUCATION

JD, University of Kansas School of Law, 2015

BS, Civil Engineering, Purdue University, 2012

PROFESSIONAL MEMBERSHIPS

- Missouri Bar Association

ADMISSIONS
